# Sully's 5K - Portland - March 21st

The "Blizzard of '93" forced the postponement of this race and then it was snowing and wet on race day. Last year's inaugural event attracted 270 finishers but having to reschedule, poor weather conditions and, perhaps, higher registration fees significantly reduced the turnout. This flat, out and back course run on Stevens Ave is fast. Certifying the course would make it an even more appealing race.
