

**"THE FACE"**

8TH ANNUAL "JANUARY THAW" ROAD RACE  
Belgrade 4.5 miles Jan 25th

"Very cold day - 10° above zero clear and breezy. A true old fashioned winter run. Bovie continued his winter win habit. Great to see the real troopers - Carlton Mendell from Portland, the Clappers from Bucksport, the unsung core group of Maine road racing.

"Race director, Gene Roy supplied hot chocolate & plenty of snacks. Every single runner went home with a trophy or prize!"

MAINE LOBSTER FESTIVAL 10K Road Race  
Rockland \*ME-84001-GN\* Aug 3rd

This is the results of the Lobster Festival Road Race held in Rockland on Aug 3, 1986. The race was held in a moderate to heavy rain, which didn't appear to slow the runners as new course records were set in both the men's and women's open division.

Jim Newett set a new standard with a 32:04 (5:10 pace). The old record, set in 1985 by Jon Rummeler, was 32:07. In the women's race, Anne Marie Davee ran a 37:59 (6:08 pace) to lower her '85 record of 38:34 (6:13 pace).

In the wheelchair division, Joe Dowling won with a time of 33:16. Joe still has the record, 30:50, set in '85. This year he went the last mile on a flat tire so we're looking for faster times from Joe in the future.

I apologize for being so late in getting these results out but maybe reading this will bring back warm memories on a cold and windy day.

I want to say, especially to those who were at the award ceremony, that these times are accurate and complete.

Ken Sylvester
