

## What a day for a race!

Monica MacDonald, above, was the first woman to cross the finish line in the 16th Annual Pottle Hill 10K Road Race. She finished with a time of 44 minutes, 50 seconds. Last year's winner, Kevin Way, right, of Waterboro approaches the crest of Pottle Hill. He finished second with a time of 33 minutes, 23 seconds. Bob Winn, not pictured, set a new course record Saturday with a 32 minute, 14 second run. Seventy runners participated in what was billed as New England's toughest 10K run. The event benefits programs by Pottle Hill Inc. that serve persons with disabilities.
