APRIL 1992

Run with a friend...

## FROM THE EDITOR

It is one month, to the day, since I had surgery and today I ran a mile and a half! I knew that I would have to take it slowly during my recovery (three weeks ago, it took me ten minutes to get up ten steps) but I had no idea it would be this difficult. I have a new-found respect and gratitude for my health and my body. I plan to be back at the races in late spring and with any luck will be able to run the Maine Marathon on October 4th. It is so exciting for all of us that this race is being revived. Please read the Presidents' Page and think about volunteering for this (and many other) MTC races.

Though we are only days into spring, I have over 14 inches of snow in my yard. In Washington we'd have daffodils by now. It is difficult to get used to Maine springs (or lack thereof). I guess this weather makes us truly appreciate spring when it finally does arrive, just in time for the fireworks.

I hope you will all come on March 29th to Kennebunkport for the exciting inaugural running of the Presidential Race. Steve Jacobsen and Tom Dann have done an outstanding job of putting together a really fantastic course (which goes right past my house!). If you run it you may want to join the Kennebunk/Kennebunkporters as we train for fall marathons. It is indeed a beautiful place to train.

Before I close, I would like to thank Bill Stuart for doing such a wonderful job on the March Newsletter. He produced such a perfect newsletter that I think we may have found my replacement! What do you think?

Hope to see you in Kennebunkport.

*Candace*

## MTC SUGARLOAF TEAMS AND VOLUNTEERS

Maine Track Club teams for the Sugarloaf Marathon and 15K are composed of all those who write MTC in the Team section of the entry form. A team roster will not be done. The first three runners score, but there is no limit on the number on a team.

In 1991, MTC won the Bruce Ellis Team Award for both races!

Maine Track Club volunteers usually help at the finish line for both races. If you are interested, please call Sue Davenny at 772-1787 in the evening.

## MOUNT WASHINGTON ROAD RACE YEA OR NEA?

By April 15th you will be notified whether or not you have been accepted in the Mount Washington Road Race lottery. If you receive a rejection letter, contact Sue Davenny at 772-1787 (eves.) by April 20th to apply for one of five entries reserved for MTC members. Also call Sue if you are willing to volunteer for the race. It may be the slightly unglamorous task of trash pickup.

If you were accepted and wrote Maine Track Club as your Team/Club on the entry form, you are a member of one of our teams. Club team rosters are not being accepted this year, but Ron Cedrone would still like to keep track of who is running for MTC. Please give him a call at 781-3302 (eves.).

If you were accepted and did not write Maine Track Club in as your Club/Team and would like to correct that, please call Race Director Bob Teschek at 603-863-2537,

# PRESIDENTS' PAGE

Upon looking at the Maine Track Club calendar of events, it is apparent that the running and racing season does not begin and end, but only waxes and wanes with interesting and challenging events available for runners who seek a variety of distances. Our calendar is full and although our road races are well spaced, the schedule will require the support of all MTC members.

This year is no exception! With three inaugural races on our already busy schedule, our strong volunteer spirit will provide quality events that emphasize safety and concern for every runner. The Presidential race, which will be held on Sunday, March 29th, offers a scenic course, major sponsors and perhaps even a personal visit from President Bush. Co-Directors Tom Dann and Steve Jacobsen have done an outstanding job organizing this first year event.

Another first for the Maine Track Club is the University of New England Running Camp which will be held from June 22 to June 27. MTC members who attend will receive a 20% discount. The culminating event for the camp will be the 5K road race which will be open to the public as well. The race will be held at the University of New England at noon on Saturday, June 27th. We are seeking a director or co-director for this race.

The Maine Marathon and Wellness Weekend, which has been scheduled for the weekend of October 3, promises three exciting race events. The Physical Therapy 10K will be held in Brunswick on Saturday, October 3 at 8:00 am. Throughout the day there will be clinics, a spaghetti dinner and music provided by Schooner Fare. For those club members who prefer the longer races the Maine Marathon and Half-Marathon are scheduled for 8:00 am on Sunday, October 4.

Our club has been successful because of the strength of its volunteer spirit. We have close to 400 members who provide us with a menu of race events. If you do not plan to run in one of our races, consider volunteering your time to help other runners. Sign-up sheets are circulated at our monthly club meetings and our newsletter provides a list of upcoming events on the calendar. Volunteering is a great way to meet new friends and your help is the lifeblood of our club.

Respectfully submitted,

*Carol and Sumner*

## NEXT MTC MEETING

Wednesday-April 8-7 pm  
SMT Machine Tool  
Auditorium

Please join us as we welcome MTC member John Kim, our featured speaker for the April meeting. John will speak to us about his run across North and South Korea. He will also tell us about his plans to run across the United States this summer. John is a fascinating person who has much to share with us.

The club's regular business meeting will follow John's presentation.

# Marathon Planning Continues

The inaugural Maine Marathon and Half Marathon are taking shape, thanks to generous sponsorship of health-oriented companies and the enthusiasm of the organizing committee.

Blue Cross and Blue Shield of Maine and the Bay Club, our sponsors for the Fore River/Back Cove Challenge Half Marathon in 1991, are sponsoring the marathon/half marathon this year. The three major hospitals in the Portland area - Maine Medical Center, Mercy Hospital and Brighton Medical Center - will be adding their support to the event.

The net proceeds from the race will be given to the Portland Parks and Recreation Department to improve the Back Cove Exercise Path. Many members of the Maine Track Club use this facility, which is the most heavily used recreation facility in Portland. The sponsors are dedicated to improving health and fitness among residents of southern Maine and view the path as an important ingredient in that process.

The "Health and Fitness Weekend" will begin Saturday, Oct. 3, with the Physical Therapy 8K race in Brunswick. This race is perfect for runners who do not want to run the longer distance and ideal for marathon and half marathon runners to volunteer!

At noon Saturday, the focus shifts to One City Center in Portland. One City Center (home of the Bay Club) will be race headquarters that day, with registration and packet pick-up, a health and fitness expo (featuring running apparel and shoes, medical practitioners and other exhibitors of interest to runners) and a carbo-loading dinner. This afternoon will be a great opportunity for all runners to meet other runners, do a little shopping, pick up a little health/medical advice and have a delicious dinner.

Sunday, Oct. 4, the focus will shift to USM and Fitzpatrick Stadium (behind the Portland Expo). Lifeline, the fitness facility at USM just off Forest Avenue, will be host to race-day activities, including registration and packet pick-up and all post-race activities.

The marathon and half marathon will start at 8 am about a quarter of a mile from USM in front of the Expo. The marathon course will wind through downtown Portland to the Eastern Prom, across I-295 to Rt. 1 in Falmouth, to Rt. 88 through Falmouth, Cumberland and Yarmouth and then return via Middle Road and the Back Cove Exercise Path to a finish on

the track at Fitzpatrick Stadium. The half marathon course will follow a shortened version of the marathon course.

We want to make sure that every potential marathon and half marathon runner hears about our event. We have advertised already in *Mainely Running* and *New England Runner*; the next issue of *Running Times* also will contain an ad for the race. We have announced the race at major New England races this spring and plan to spread applications throughout New England by early summer.

This effort requires thousands of hours of volunteer service. Already, the steering committee has secured sponsors, designed the course logo and application, placed advertising in key running publications and begun to work with the towns along the course.

This work is only the beginning! We now are recruiting and directing volunteers to sell advertising on mile markers, coordinate the health and fitness exposition, plan the dinner, recertify the marathon course and certify the half marathon course and approach local business to secure their support. Then, there is the race itself, where we will need more than 200 volunteers, including about 60 to work at about a dozen water stops, 100 or so to direct traffic and runners along the course, two dozen for registration, two dozen in the finish line area, etc.

Needless to say, the weekend is a major undertaking. We would not be attempting it if we were not confident that we have the support, enthusiasm and commitment of most members of the club. Everyone will have to pitch in to help us make this weekend a success. Remember, you can run the race and still help by volunteering to help months before the event or the day before the races.

This event is going to be fantastic and reflect well on the club! We face competition from other marathons and half marathons during the September-October time period, but we are confident that we can offer something unique to runners: beautiful foliage, super Maine hospitality, a terrific course and lots of little things that will make the event memorable for all participants.

If you have not yet signed up to help, please call co-directors Dave and Sandra Shennan at 725-0716.

# MEMBERSHIP MEETING

## March 11, 1992

**OUR PROGRAM:** A volunteer workshop was put on by Susan Davenny and Bill Stuart. It was a fun and informative group participation learning experience, covering various volunteer duties such as spindling, manual time sheets, generating results, and the importance of each.

**FIRST TIME ATTENDEES:** Mary Ann Doss and Phil Goodrum.

**PRESIDENTS' REPORT:** Carol welcomed everyone in attendance and expounded on the merits of a co-presidency, which seems to be working out well for both of them. Also discussed in opening remarks was Carol and Sumner's recent trip to Florida with comments on their racing season, where alligators run too? Bill Stuart was thanked for his fine job with the March newsletter. Several letters of gratitude were read from the recipients of various MTC awards.

The idea of setting aside \$1.00 from each entry fee from one designated race to help support the Maine Running Hall of Fame was put before the membership. It was generally agreed that the Board would determine which race to use for this purpose. A few area races were mentioned along with MTC members accomplishments in them. There was an update on the UNE Running Camp, items of interest; MTC members and student would receive a 20% discount, camp switched from PM to AM, brochures and handouts will be available at the April meeting, and a race director is still needed. The proposed auction has been moved to November.

**VICE PRESIDENT'S REPORT:** April and May guest speakers have been lined up, one of them being club member being John Kim, the other being an elderly mountain climber, runner and triathlete. Both promise to be very interesting programs.

**SECRETARY'S REPORT:** Minutes of February's meeting were approved.

**RACE COMMITTEE REPORT:** Update on the Maine Marathon. All aspects progressing very well, although volunteers seem to be in short supply. This event is a huge undertaking and we need your help. The '92 Presidential Race of March 29th is approaching 300 entrants, still no word from Bib #1! It was noted that the course has been certified.

The newly appointed safety committee has had their initial meeting. Many items and ideas are still in the discussion stages at this time. It seems as though the MTC is more than willing to do its part for the sake of safety.

**NEW BUSINESS:** VP Tom Dann announced that Kennebunk High School is seeking a track coach, preferably a female since there are none on the present staff. Erin McLean read an interesting letter from a new runner to the area, and welcomed any input and thoughts. Charlie Scribner announced a \$50 donation from Rosemont Pharmacy to help stock our new first aid kits. A thank you went to all members who have helped with photos, and mention was made of room still available on the committee.

**50/50 RAFFLE WINNER:** Al Utterstrom.

Respectfully Submitted,

*Reggie Sargent*

## MARATHON CHILD

We made the trip nearly every year during the 40's, as long as my father knew that Johnny Kelley, Sr. would be there. When the smells of spring came and the brook out back ran wild my father would eventually say "Well, the Marathon's next week." My mother's eyes would roll in resignation, but I would be delighted. Marathon. The word captivated me. It was from another world.

So on April 19th Dad would slice oranges "for Johnny," whom he had once worked with, and we'd get into the big dark green Buick for the seven miles from Westboro to Hopkinton, going through the quiet villages of Kitville and Woodville. At Hayden Row Street, we'd join the crowd of 150-200 people. The runners, looking cold, were mostly in long, heavy-looking shorts and singlets with logos of Athletic clubs.

My father was uplifted in his role of Boston Marathon spectator, passing out orange slices to Johnny and the others. He would savor the names of Clovis Bourdelais and Gerard Cote. I remember when he said to me "there's Tarzan Brown," and how I later pestered for any information on this handsome, mysterious Narragansett Indian from Rhode Island who would "come out of the woods," to run here. Years later I read that Tarzan, to acquit himself for disqualification after a fall in the 1936 Olympic Marathon, had back home entered marathons on two consecutive days, hitchhiking from one to the other, winning both.

Clustered for the start, the marathoners, intense, looked isolated from even one another. At the sound of the gun they were suddenly gone, off on Route 135 to Boston. The small crowd left behind dispersed quickly with no noise. No litter. No traffic. No match for Fenway Park. Former Boston Globe sports writer Jerry Nason in those years quoted another Boston paper as heralding the event with "Spring must be here. The saps are running."

Memories of those long-ago Patriots' Days have stayed with me. Johnny Sr.'s quick smile. Good looking John Kelley, Jr. Tarzan Brown's shoes that looked like leather work boots. Gerard Cote's bow legs. That

these men would run all the way to Boston, then to me a major train journey, was just beyond comprehension. And it never would have occurred to me (or to Jock Semple) that women would be able to "run that far."

My mother, the one who when I run in her town says "Just don't be seen in the square," never liked the Marathon outings. On a recent visit, we were out for a drive, passing through the quiet center of Hopkinton, and she said, "You know, I didn't mind going to the damned thing as long as I'd get him to stop at that antiques place in Ashland on the way back."
