# Presidential Message

September 2000

## Dear MTC Members

To the several MTC members who put in many hours working on the Beach to Beacon Race, THANK YOU. I want you all to know we really do appreciate the time and effort you put into this race for your fellow runners. Special project people and MTC members were: Jane Dolley (Medical Tent), Barbara Coughlin and Ruth Hefflefinger (Registration), Charlie Scribner and, John Gale (got 42 volunteers for the finish area), Bob Aube, Eric Ortman and all other MTC members (not enough space to list), again, thank you all!

Also many thanks to all of the volunteers who worked on the Peaks Island Road Race. With Opsail 2000 going on, there was no parking unless you were lucky enough to get into the parking garage and there were 150 race day entrants, it was a tough day for volunteers. Those volunteers are: Larry Dyer, Bob Aube, John Gale (he worked two timers), Bill Daveney, Jeanne Hackett, Maggie Soule, Marge Tension, and all the waterstop volunteers.

The MTC manages about a dozen races a year. Bob Aube has done results for; Irish Rover (March), Patriot's Day Race (April), Race Against Racism (May), Deering Ram Run (June), Pat's Pizza (July) and Peaks Island (July). Bob has worked on six of the eight races we have put on so far this year. Thank you Bob for all you do for the Maine Track Club and the running community.

I often wonder how much it is really appreciated when one gives up running to work on a race because they know help is needed. All races are made up of volunteers, we have no professional or paid help. They all work for a living, have families and a life outside of running. When one works a race, they are taking time out of their day, sometime several hours. Very few of our volunteers do not run, but they help anyway. Some have never worked a race before, but they are willing. Do you take the time to thank them after a race? Or do you just take volunteers for granted? Or if things don't turn out the way you would have liked (i.e. wrong place or time, no award, etc) do you then take the time to go to them and swear, rave and try to belittle them? I've seen this at some races and wonder does it really make a person feel better to verbally abuse a volunteer? Talk about road rage! Let's talk about Road Race Rage! We are just volunteers, plain and simple, we do not get paid for volunteering. We do not drop a tab, or miss ones' time, or transpose a number, or enter information into a computer incorrectly on purpose. And when mistakes are made we usually feel awful about it, but one cannot go back and undo it. We do appreciate runners who do take the time to come and tell us about a possible mistake. If one works or runs enough races, at some point someone will make a mistake, afterall we are human, aren't we? But when it does happen, how will you react if you are the volunteer? How will you react if you are the runner? We need to remember there are feelings on both sides. This is something all of us should consider. I think every runner should work in the chute at least once to see what it is like. I also wish more people would work on results one time too, but that's a personal thing!

Sandy Utterstrom

## Desperately Seeking

I hope that you read John Rolfe's column of August 20th concerning the reliance of races on volunteers. I also hope that you will read this whole article and think about it. The Track Club, your club, has written several similar articles this year asking for your assistance in volunteering. So far, the response has been minimal to say the least. For the last several years, the Club has depended on a small handful of devoted individuals to organize all of its races and other events. Without these individuals, John's story of having to step over the skeletons at the water stop would become a far more common event. However, to keep this from happening, races will simply be cancelled due to a lack of volunteers.

You may remember that, as recently as a couple of years ago, the Club put on more races each year. The number had to be reduced due to a lack of race (co)directors and volunteers. We are now in a rather delicate situation in that should we lose one or two more of our small number of regular volunteers, we will have to cancel more races. Quite simply put, the work of putting on the races and other events is repeatedly falling on too few shoulders. Cancellation of many more of the Club's races will also have financial consequences to the Club that may not be too pleasant.

A special mailing was recently sent to all Club members, E-mails were sent to roughly 150 members, and an insert (yes, the bright pink one) was included in the last newsletter – all asking for Help Help Help with the Marathon and Half Marathon – that event that so many of you look forward to (at least until the last few miles). So far, no one has stepped up to help with any of the coordinating positions and relatively few individuals have signed up to help with water, traffic and registration. This is our main event, attracting runners from most of the 50 states as well as a dozen or so foreign countries. More than 400 volunteers are needed for this race – before, during and after. The marathon relay race, which has grown each year, may have to be cancelled if a coordinator is not found.

In the past, Club members have been asked, as part of their membership, to volunteer at three races a year, help with race related activities that take place before race day, and with other Club related events such as being a Club Officer or becoming otherwise involved. The Club has also made countless phone calls to members asking if they could help out. This is tiring work made all the more frustrating by the large number of negative responses received. Obviously, none of these approaches have worked.

So, as a final effort I write to ask you to help, or to accept the fact that if our rather short list of volunteers declines much further there will be less races to run. If you do not like this very real possibility, then get involved. It is interesting to note that while Club membership has been gradually increasing (we are now more than 500 strong) the number of regular volunteers has stayed the same.

I realize that the wording of this article may annoy some. That has not been my intent. However, gentle and kind pleading has been to no avail. The fact of the matter is that more volunteers are needed on a regular basis for the Club to remain viable and healthy and to continue providing you

with what you have asked for. The choice is yours – get involved or accept having less races in which to run – perhaps including that special race that you look forward to running each year.

Call any board member or race director to volunteer, particularly Bob Aube or Howard Spear (co-directors of Maine Marathon) who desperately need help for the marathon – particularly a traffic coordinator for the Town of Falmouth. Helping is, for most of us, a fun, social, and rewarding effort as well as a chance to give something back to the running community. Feel free to call me if you wish to discuss this article.

## VOLUNTEERS NEEDED

*"Please call any of the phone numbers listed above to volunteer for any of these races"*

### Announcement:

*The Boys and Girls Club 5 Miler is looking for a new MTC Race Director for 2001. The Boys and Girls Club 5 Miler is in April on Patriots' Day.*

This is one of the longest consecutive running races in New England (only Boston beats it.) I think this year was its 71st running without missing a single year. Right now this race does not have a MTC Director. Call 741-2084 if you are interested.

# BACK OF THE PACK

## Still Crazy After All These Years

Hi. I'm the crazy fool running by your home every morning as you unceremoniously bend over to retrieve your newspaper, clad only in your boxer shorts or nightgown (or both!)

I'm the crazy fool running the trails of your local park, head down and grimacing with each tortuous step.

I'm the crazy fool you hear mumbling a mantra of nonsensical monotone syllables.

I'm the crazy fool wearing a faded Grateful Dead tee-shirt and tattered shorts of a brand not sold since 1978.

I'm the crazy fool with the brim of my generic baseball cap pulled low as I run into the sun and hat gripped tightly in my left hand when the sun is at my back.

I'm the crazy fool emerging from the wooded trail with mud-caked shoes and scarred & bloody ankles.

I'm the crazy fool you chuckled at on your drive to church as I sprinted up & down the 1/4 mile hill at the end of your street.

I'm the crazy fool who was still sprinting up that same hill on your drive home from church.

Please don't mistake my outward demeanor for anger or pain. I'm in my natural state of bliss. This is my time of day and I'm selfishly possessive.

On my runs I'm as free as a bird in flight. I'm young and trouble free, injury free and stress free.

No one is trying to contact me on my cell phone, pager, two-way radio, e-mail or web site.

I may be exorcising demons, solving complex equations or reminiscing a conversation with a long past friend.

Depending on the day, my mind may be active as an atom accelerator or as peaceful as a Kansas wheat field.

You see me everyday on the streets & trails of your town. I'm your local grocery store clerk, cop, firefighter, doctor, teacher, engineer, butcher, baker and candlestick maker.

I don't ask for much; a smile, a wave and few feet of open road.

I'm the crazy fool who passed you in the third mile of last weekend's race.

## GROUP RUNS

The **Maine Track Club** includes all kinds of runners doing many different distances and paces ... from the weekend jogger to the daily 20-minute runner to the serious road racer. Whatever your pleasure may be (social, speed, long distance), we probably have a running/training group near your area. For more information, contact any of the following:

### **Kennebunk**

The Kennebunk Thursday Night group runs every Thursday night year-round, rain or shine. Welcome to MTC members and fellow runners. Our group size ranges from 7 or 8 to over 20 depending on the weather and time of year. Pace ranges from some running 7s to several running 8s to 9s and sometimes slower. Distance is up to 6.5 miles. Following the run, tradition insists on a trip to Federal Jack's Brew Pub in K'port for libations and dinner and we are always home by 9. Several of the group also run Sunday mornings in Kennebunk or in No. Berwick. Please try to join us, we would love the company. For more info call Steve Jacobsen, 985-4107 PM or 985-3244 Days.

### **Portland**

The **Rat Pack** runs Sunday mornings at 7 a.m. from Payson Park. Contact Ron Deprez (772-4312) or Mike Reali (829-2014).

YMCA Noon Runs from the YMCA on Forest Ave. Contact Marla Keefe (775-9620) or Mike Pratico (874-1111).

The **Maine Front Runners**, a gay and lesbian running club, runs from Back Cove across from Shop & Save on Saturday mornings at 9 a.m. Contact Jim Estes (761-2059).

### **South Portland**

South Portland Road Runners run Thursday nights at 5:30 p.m. from the high school. Contact Russ Bradley (799-3864) or Donna Moulton (799-2894).

### **Biddeford, Saco**

Anyone interested in weekly morning runs and weekend early afternoon runs, contact Guy Roy (284-8036). **If you know of a group run that isn't listed above, please contact either Colleen Redmond or Mike Doyle (871-0051) to let us know where, when and a contact person for inclusion in the monthly newsletter.**

### Notice About Race Fliers

Anyone who wishes to have their race fliers included in the Maine Track Club newsletter must provide 500 fliers and a payment of \$40. Fliers will not be included in any mailing if not accompanied by the \$40 service fee. The fee applies only to races not run by the MTC, so if the race fee is already being paid to the club, there is no charge for race fliers. Please call or e-mail Mike Doyle to arrange for flier inclusion.

## Khalid, Kimani and I

In the May 1999 issue of News Run, MTC member Will Lund wrote the article *Winning for Dummies*. Will detailed tactics for winning races and age groups "without the blazing leg speed and work ethic of Bob Winn or Joan Benoit-Samuelsen". I remember writing to Will that even his most extreme examples or perfect scenarios for winning a race would never allow me to win anything. Realizing there are many more facets of a race than just the finish, I began to explore other areas for victory. If all went well, the 3rd Annual Peoples Beach to Beacon 10K would be my moment to shine. The size and notoriety of this race would add credibility to my accomplishment. Simply put I knew winning the finish was impossible, winning the start was my goal. The 3rd Annual B2B was the biggest ever. When I arrived and saw the magnitude of runners I began to have second thoughts. Starting at the back and concentrating on the task at hand, I began my struggle without much effort, the first half of the field was easily navigated. Wading through the next two thirds became more of a challenge but I was determined. I hit the wall with about 10 feet to go. At a standstill I changed strategy, recognizing fellow MTC runners and other notables in the running community I began picking them off one by one. Move over Musca, I said, step aside Snow-Reaser, pardon me Payson, behind me Byrne and comin' through Coffin. A couple elbows later and the last few feet on my hands and knees I stood up on the sacred startline. There I was, toe to toe and shoulder to shoulder with two time winner Khalid Khannouchi, I must admit he looked a little surprised to see me, then the gun sounded and we were off.

Where I finished is unimportant, let the records show I won the start! Correction, Khalid, Kimani and I won the start. If you don't believe me check the Newsletter or better still check online. Khalid, Kimani and I are the only three that have the same guntime and nettime, everyone else is at least one second different. Victory at last.

Now the confession, the above story is untrue, Khalid and Kimani won the start, I was twenty nine seconds back along with my wife and a few other runners who will testify to my whereabouts when the gun went off. I have no idea how my guntime and nettime remained the same and it does not matter. I enjoyed the race and appreciate everyone's efforts that helped make it possible. As for my slant on *Winning for Dummies* the pressure is off this year, I was the first person to register for the September 24th Tukey Trott 10K. I won the registration, after all a win is a win.

*Mike Doyle*

## Race Committee Update

Well, we made it through the busiest portion of our racing schedule without any major problems. I heard few complaints in regards to the Clam Festival Classic, the Peaks Island Road Race and the St. Peter's Road Race, which usually is a good sign that everything ran smoothly. Thanks to Ron Pelton, Larry Dyer and Mike Reali for their work organizing those races, and thanks to all the volunteers who helped make the events a success.

By the time this newsletter reaches you, the Maine Running Hall of Fame 5K will be history, but two more important club events are coming up -- the Harvard Pilgrim Women's Fitness 5K on Sept. 17, and the Sportshoe Center Marathon/Half Marathon/Relay on Oct. 1. Both events require lots of volunteer help. The Women's Fitness 5K is a good chance for the men in the club to support the women members by coming out to help on race day. If you'd like to volunteer, please contact Ron Deprez at 772-4312. As for the marathon, this is the club's signature event, and we'd like all members to be involved, either as a runner or a volunteer. Entries are still well ahead of normal for both the marathon and half marathon, so we're expecting a record field. If you're not running, though, we desperately need your help as a volunteer. Please see the enclosed flyer for more information.

Good luck to everyone who is training for these and other fall races!

*Bob Aube*

## Camp Experience

The Maine Black Bear track & field camp was an awesome experience for me. The coaches there were great. They always want you to have fun, and make sure you do. I made a lot of friends, and I enjoyed myself.

The stuff that I learned is really what made this an awesome experience. Before the camp, I was strictly a sprinter, I wanted to try jumping. Not only did they teach me alot about sprinting from blocks, I also learned how to be a pretty good long and triple jumper. My week long experience at camp makes me want to go back next year. Thanks for the awesome scholarship!

## Julia Kirtland

by Michael A. Musca mmusca@maine.rr.com

Julia Kirtland, 35, owns the unique distinction of being the "one and only" winner of the First Maine Woman division of the Peoples Beach to Beacon 10K in each of the popular race's three years of existence. A graduate of Macalester College and a member of the Moving Comfort running team, Julia and her husband Paul Hickey live in Harpswell, Maine, where Julia coaches the recreational program for children ages 6 to 12 years. Julia was the 23rd place finisher at this year's Olympic marathon trials in Columbia, SC, in a time of 2:45:28. We caught up with Julia at her home, following an easy 6 mile trail run.

**Name:** Julia Kirtland

**College:** Macalester College

**Club affiliation:** Moving Comfort

**Age:** 35

### Best Marks:

Time	Distance
2:37:46	Marathon
34:09	10K
16:26	5K

### Personal Statistics:

**Birth Date:** 3/15/65

**Birth place:** Auburn, NY

**Height:** 5'3"

**Weight:** 105lbs

Married (Paul Hickey) - no kids

I help coach the rec. running program in Harpswell (kids age 6-12)

Started running: in 1978 or 1979

### How did you come to live in Maine?

I came here in 1989 to go to grad school at UMO.

### Pre-Training Warm-up & Stretching:

I might stretch a little before I run, but I usually stretch for 15 – 30 min afterwards.

### Log Book:

I write in a running journal every day. It includes time, distance, where I ran, how I felt, weather, and anything else that is relevant.

### Daily workouts:

My training varies a lot, depending on if I am preparing for a marathon. In general I have 3 hard days a week - 1) hill repeats (earlier in season) or shorter track interval (later in season), 2) longer intervals, and 3) a long run. I do doubles when I am training for a marathon - but usually only 2-3 days a week, and it is a shorter and easier effort than the other workout of the day. My mileage when training for a marathon has been usually 70 - 90 miles/week. Now, I am not training for a marathon, and I am running 50-60 miles/week. However, I often adjust my workouts and schedule to accommodate how my body feels. Pace really depends on what shape I am in, and of course, what I am doing.

### Favorite race:

My favorite race is the Boston Marathon - although there are many other races that I also really enjoy running. Boston (I ran in 1999) - has the great history and a fantastic atmosphere in which to run.

Beach to Beacon is certainly another one of my favorite races. It is just so wonderful to have such a world-class event in Maine - and they do a fantastic job.

### Favorite workout:

There is really no one favorite/toughest workout. But, I really do like the long runs.

### Running Hero:

Joanie has, and continues to be, a wonderful role model for me and many other women runners.

### Who inspired you to run?

No one inspired me to run. I played on a coed soccer team as a kid, and the coach suggested I run in a local road race - and I loved it from the very beginning. I didn't know of Joanie then.

### Why do I run?

I run because I love it!

## Hello Everyone,

As the Maine State representative for the RRCA and a member of the Maine Track Club I am pleased to announce that the MTC has received the RRCA Children's Running Grant. Stay tuned for upcoming information on the allocation of this grant.

Congratulations to Mike Reali and the volunteers and sponsors for putting on a great RRCA State Championship St. Peter's 4 miler. I would also like to congratulate all the runners who ran the Beach to Beacon, the Breakaway 5k and the Falmouth Cape Cod Race, special thanks to my husband, Everett who ran with me.

Donna Moulton

Maine State Rep. for the RRCA
